## Mrs. Parly on Eyremore Circuit U.F.A. Sunday

Hon. Mrs. Irene Parly will speak at the different appointments on the Eyremore Circuit U.F.A. Sunday, June 6th.

Mrs. Armstrong who has been post-mistress at Eyremore since 1913, has resigned and moved to Vancouver to join her husband. A number of friends met and presented her with a club bag as a token of appreciation.

Eyremore W. M. S. and their friends held a most successful picnic at Kinnondale May 25th. A short meeting of the Auxiliary was first held, after which games were played by some while others examined with interest some curios the president, Mrs. C. R. Westgate, had on exhibition from India, till supper was announced. Races for the little ones and a game of foot ball closed a very pleasant gathering.

The next meeting of the Auxiliary will be held at Bow City Hall June 27.

## Piano Recital

The piano recital given by Mrs. D. Mitchell and her pupils on May 14th. was deserving of a far more enthusiastic response than was tendered by the Lomond public. The event was given without admission charges, so it might be explained that people anticipated the capacity of the entertainment in keeping with the cost.

Far from being prattle of new beginners only, the program contained a variety of real musical numbers demonstrating a talent amenable to the most fastidious. We refer particularly to the duets by Mrs. Mitchell and Mrs. Dagnan. The vocal duet, "Barcarole", by Mrs. Mitchell and Mrs.

King, was very acceptable to the audience. The work of the pupils was strikingly efficient, considering the fact that it was their first attempt before the public. The program is given below:

1. Piano Duet:—"Poet and Peasant" by Suppe.—Mrs. Dagnan and Mrs. Mitchell.
2. Pianoforte Solo:—"Humming Bird Waltz"—Clem King.
3. Vocal Solo:—"Down the Vale"—Mrs. R. L. King.
4. Pianoforte Solo:—"Flower Song" by Lange.—Edith Frost.

5. Piano Trio:—"Sleigh Ride" by Bucelle.—Edith and Dorothy Rodgers and Clem King.
6. Vocal Solo:—"Less than the Dust" Kashmiri.—Mrs. R. L. King.
7. Pianoforte Solo:—"Invincible Nation," Kullak Octave Study.—Harrison Manders.
8. Piano Duet:—"Marche Militaire" by W. S. Spence.—Edith Frost and Charlotte Burne.
9. Pianoforte Solo:—"Valse de Concert"—Harold Griffin.
10. Vocal Duet:—"Barcarole" from "Tales of Hoffman"—Mrs. Mitchell and Mrs. King.
11. Pianoforte Solo:—"En Route" by

Goddard.—Margaret Bowen.  
12. Piano Duet:—"Overture from the Opera "Zampa", by Herold.—Mrs. Dagnan and Mrs. Mitchell.

### NOTES

The date of the Alberta provincial elections has been definitely announced for Monday, June 28th. A whirlwind of political argument will for the next month confront the intelligent, or otherwise, electorate. Practically all constituencies are the centers of three-cornered contests. Little Bow is no exception. The conservatives are backing Patterson of Champion with an efficient organization. The liberals have again brought out Jas. McNaughton,

who has a strength in personal following perhaps exceeding that of the organization with which he is associated. Lastly, O. L. McPherson will again go before the electors as the U. F. A. candidate. The U. F. A. convention in Little Bow constituency takes place at Vulcan on Tuesday afternoon, June 8th. Premier Brownlee will deliver an address there that afternoon and will speak in Carmangay the same night. This will likely be the only opportunity for those from here who so desire to hear the premier during the campaign. Lomond will have meetings addressed by each of the contending factions. It will be to your individual interest to afford them an unbiased hearing.

Rain would be a most welcome visitor to Alberta right now. While it can hardly be said that crops are suffering from drought, the incessant winds have been a menace to many fields, to say nothing of the housewives temper. The

Press is still confident that the planets are ripe for a wet summer. They have a place in central Alberta where prophets are held in safe keeping. In the meantime our expression is an opinion only.

It might be of interest to the turkey raisers around Lomond to learn some of the market experiences of last year. Mrs. Nina Jones raised a flock of more than a hundred fine white birds. Outside the birds sold for breeding purposes about one half the dressed turkeys were sold to advantage on the Lethbridge at an average return of 25c. per lb. Then when the Pool came into operation the remaining dressed birds were marketed that way. The final returns of the Pool netted Mrs. Jones 27c. per lb.

The Lomond business men have taken a wise step in declaring for a weekly half-holiday. Business is hardly so urgent that it should interfere and the idea has been univer-

sally accepted. Another phase is the facility for interchange of sporting relations rather than on Sundays. While to some this point has no appeal there are a number of people who maintain principles contrary to Sunday sports, and at the same time are most enthusiastic supporters of base ball and other athletics.

The Alberta Wheat Pool assuming joint operating control of the 182 U.G.G. country elevators should eliminate considerable dissatisfaction and suspicion surrounding the delivery of pool wheat. Wheat producers have experienced antagonism subtly emanating from certain grain houses that tended to break down confidence in the pool's ability to handle the business of marketing. It will also tend to centralize deliveries to the elevators under direct control of the pool.

Railway earnings indicate that business in Canada is far from stagnant—best since 1926.

## Municipal District To Spend \$2619.00 on Market Roads

1926 Government Grant is  
\$1309.50

### Work Must Qualify for Government Standard

May 13th.—Minutes of a special meeting of the Council of the Municipal District of Clifton called by the Reeve for the purpose of meeting F. J. Graham, resident engineer, Calgary, to arrange articles of agreement with the Department of Public Works, Edmonton, in regard to a government road grant for 1926, or for consideration of any other business the Council might agree to take up.

Present: Reeve Buhlinger, Deputy Reeve Stannard, Councillors Rodgers, Peterson, Hornberger and Williamson.

Mr. Graham addressed the Council and stated that the government grant for 1926 would be \$1309.50, to be spent on the 50-50 basis, that is: the Municipal District in order to draw the full grant would have to spend also \$1309.50. The work to be done on main market roads and according to plans and specifications laid down by the Department of Public Works.

It was moved by Councillor Rodgers that we spend half the grant or \$1309.50 on the Lomond-Vulcan road beginning three miles west of Lomond and building west, the other half on the Travers-Champion road, beginning west of Travers and building west.

Moved by Coun. Hornberger that the following committees be appointed: Coun. Rodgers for work on the Vulcan-Lomond road; Coun. Peterson for the work on the Travers-Champion road; that each committee be given authority to superintend this as to time and place and see that it is completed according to plans and specifications submitted.

A letter was read from William Taylor in reference to his account. The Reeve reported that he had engaged Mr. Taylor on Tuesday, April 20th., at \$1.00 a day to look after the mixing station at Travers. That he had ordered it closed on Saturday, April 24th., as there was no demand for bait, asking Mr. Taylor to leave the keys at the municipal office. Mr. Taylor refused to give up the keys and it was necessary to call the police to obtain possession of them. Mr. Taylor also refused to settle for a reasonable amount. Coun. Williamson moved that Taylor be paid for five days work at \$4.00 a day, together with bill of material supplied at \$1.56, totalling \$21.56, and that the secretary mark the cheque "settlement of account in full" and send it to Mr. Taylor by mail.

A special demand for \$150.00 from Grand Springs School District and the account from Dr. Steele, as health officer, for \$87.00, was tabled until the next regular meeting on motion of Coun. Rodgers.

Mr. Snider of J. D. Adams & Co. addressed the meeting and was given an order for 2 pair runners and shoes for light fresno and 3 plow shares.

o o o

May 25th.—A committee of councillors of the Municipal District of Clifton No. 127, met after the demonstration made by Mr. Jensen of The Richardson Road Machinery Co.

Present: Reeve Buhlinger and Coun-

cillors Peterson, Williamson, Rodgers and Hornberger.

It was moved by Coun. Rodgers that the Richardson grader has proved unsatisfactory and has not lived up to recommendations, but we wish to give Mr. Richardson a fair chance, so we propose to ship in an Adams grader to be demonstrated against the Richardson grader. We will then accept the grader that proves most satisfactory. If Mr. Jensen is not willing to accept this proposition then we will ship the Richardson grader back to point of shipping at Calgary.

## WESTERN CANADA'S FIRST HOME-MADE ENGINE

ANOTHER railroad milestone of Western Canada was passed on April 23, when the first engine ever constructed in this part of the Dominion was turned out of the Canadian National Railways Transcona Shops at Winnipeg, where it was built. Engine 2747 shown above was constructed entirely in the local shops, the work being done in addition to the regular output of repairs to

other engines. After the various parts were made, the frames for the locomotive were laid down on March 11 and construction was completed on April 19th, a total of 27 working days, the first run being made to Winnipeg on the following day.

Number 2747 is classed as a 38% engine, is capable of main and branch line freight handling and has sufficient power to run the Transcontinental. The weight of

the locomotive and tender complete is 193 tons. After trial runs, it will be used on main line time freight trains on the Alberta district of the Canadian National, where the best use can be made of this class of locomotive and where the fuel saving devices with which it is equipped will give the most economical results. Number 2748, which is now in course of construction at Transcona, will be ready for service in Alberta in May.

## LOCALETS

The Base Ball boys are elated over their break of hard luck. They defeated Queenstown a week ago and Enehan on Sunday last. Next Sunday they play in Carmangay.

o o o

Recent changes in the Standard Bank staff at Lomond include the resignation of A. C. Watkins to take a position with the Hudson's Bay Co. stores at Vancouver, the resignation of E. C. Williams to take up a life insurance contract with the the Monarch Life out of Regina, and the transfer of Mr. Broadfoot to the cash box at Lomond from Goderich, Ont.

o o o

Z. M. McIlmoyle, official trustee in bankruptcy under the provincial government's debt adjustment bureau, addressed an interested gathering in Lomond on Friday after. He outlined the recent amendments under the bankruptcy act insofar as it concerned the farmer and the details of the service his department could offer the farmer. Mr. McIlmoyle made it plain that he was not encouraging people to undertake bankruptcy proceedings, but where

individuals were hopelessly involved it was to the mutual advantage of both debtor and creditor that adjustments be made, whereby the debtor will be encouraged to exert his utmost endeavor to make progress. Many possible worthy citizens had become stagnant under their burden of debt. It is this condition the government is seeking to eliminate. The speaker spoke of the warm operation experienced by his department from the banks, mortgage companies, machine companies and so forth. Short shift is made of accounts tending toward an ulterior advantage.

o o o

The United Church has sent a summer supply to the Lomond Circuit in the person of Mr. Harrison, a student of Toronto. Regular church services will be conducted throughout the summer months.
